BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 89-7-E - ORDER NO. 89-54
JANUARY 13, 1989

IN RE: Adjustment of Base Rates for)
Fuel Costs for Carolina Power &)
Light Company) ORDER ON MOTION
TO COMPEL RESPONSES

On December 20, 1988, the Commission Staff held a conference with all the parties of record in the above-captioned matter to determine if any discovery problems could be resolved. Several discovery problems were resolved; however, there remained outstanding a Motion to Compel responses filed by Nucor Steel (Nucor).

The Motion to Compel of Nucor pertained to its second set of Interrogatories. As to Interrogatories 2.2, 2.3, 2.4 and 2.8, the Commission's previous ruling in Order No. 88-967 that the Company only has to provide data from March 1988 forward is still in effect. The Commission denies Nucor's request that Carolina Power & Light Company (CP&L) provide its cost of service model diskette for the test period ending September 1987. The Commission finds that the cost of service model diskette for the test period ending September 1987 is not relevant to this fuel hearing which deals with the 12 month period beginning March 1988. CP&L also objected

to providing its software package on the grounds of privilege. The Commission upholds CP&L's objection. As to Interrogatories 2.9, 2.10 and 2.11, Nucor shall submit revised Interrogatories as agreed upon in the discovery conference.

IT IS SO ORDERED.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director

(SEAL)
